Ref: Installation of Air Conditioning at RGH Rubber & Plastics

Ambient Services Limited fitted x 4 off Air Conditioning units. Their punctuality was excellent, arriving and commencing work prior to 8:00 each day. RGH were kept informed of the tasks being completed, and where the units, wiring and pipe work, were to be placed and routed. They were very neat and tidy cleaning up after each task had been completed. They were very friendly and very knowledgeable explaining the Air Conditioning Units and how they worked. They followed up after completion with a courtesy call ensuring we were happy with everything. All in all RGH have found Ambient Services very satisfactory; hence have no problems recommending them.
